CATEGORICAL EXCLUSION**

Failed Drain Field Replacement  
September 2021  
Michael Cusick  
Township 2S, Range 6E, Section 30  
Gallatin County

**PURPOSE AND NEED**

The proponent proposes to use DNRC Renewable Resource Grant and Loan (RRGL) private grant funding for the replacement of their private septic drain field. The previous drain field failed, and wastewater began saturating their property, needing replacement to be fully functioning. The project is located on private land in Bozeman, Gallatin County, Montana. The applicant completed the replacement in September 2021.

**Explanation of the decision(s) that must be made regarding the proposed action (i.e. approve grant or loan and provide funding):**

DNRC will approve the grant to provide funding for the drain field replacement project.

DNRC is not required to prepare an Environmental Assessment (EA) or an Environmental Impact Statement (EIS) for actions that qualify for a CATEGORICAL EXCLUSION (ARM 36.17.614) or justified by a PROGRAMMATIC REVIEW; or are ACTIONS OF A SPECIAL NATURE (ARM 36.2.523(5)); or are EMERGENCIES (ARM 36.2.539). These actions are subject to review for EXTRAORDINARY CIRCUMSTANCES that would require an EA or an EIS.

**ACTIONS OF SPECIAL NATURE (ARM 36.2.523)**

- ☐ Administrative actions: routine, clerical or similar functions of a department, including but not limited to administrative procurement, contracts for consulting services, and personnel actions.
- ☐ Minor repairs, operations, or maintenance of existing equipment or facilities.
- ☐ Investigation and enforcement: data collection, inspection of facilities or enforcement of environmental standards.
- ☐ Ministerial actions: actions in which the agency exercises no discretion, but rather acts upon a given state of facts in a prescribed manner.

☐ Actions that are primarily social or economic in nature and that do not otherwise affect the human environment.

### **CATEGORICAL EXCLUSION/PROGRAMMATIC REVIEW**

☒ Categorical Exclusion (CE) refers to a type of action which does not individually, collectively, or cumulatively require an EA or EIS, as determined by rulemaking or programmatic review adopted by the agency, unless extraordinary circumstances, as defined by rulemaking or programmatic review, occur. This project qualifies under ARM 36.17.614 CATEGORICAL EXCLUSIONS.

☐ Programmatic review means an analysis (EIS or EA) of the impacts on the quality of the human environment of related actions, programs, or policies. DNRC – CARDD does not have any programmatic reviews completed at the time of this template.

The project listed above meets the definition of Actions of a Special Nature, Categorical Exclusion or Programmatic Review including specified conditions and Extraordinary Circumstances. Included below is a supplemental checklist verifying the use of the Categorical Exclusion.
